

LEADERSHIP • EXPERIENCE • SUCCESS

Gaetan is a leader who takes action and cares deeply about Port Moody. Gaetan is a former United Nations Peacekeeper and served our country as a Canadian military engineer.

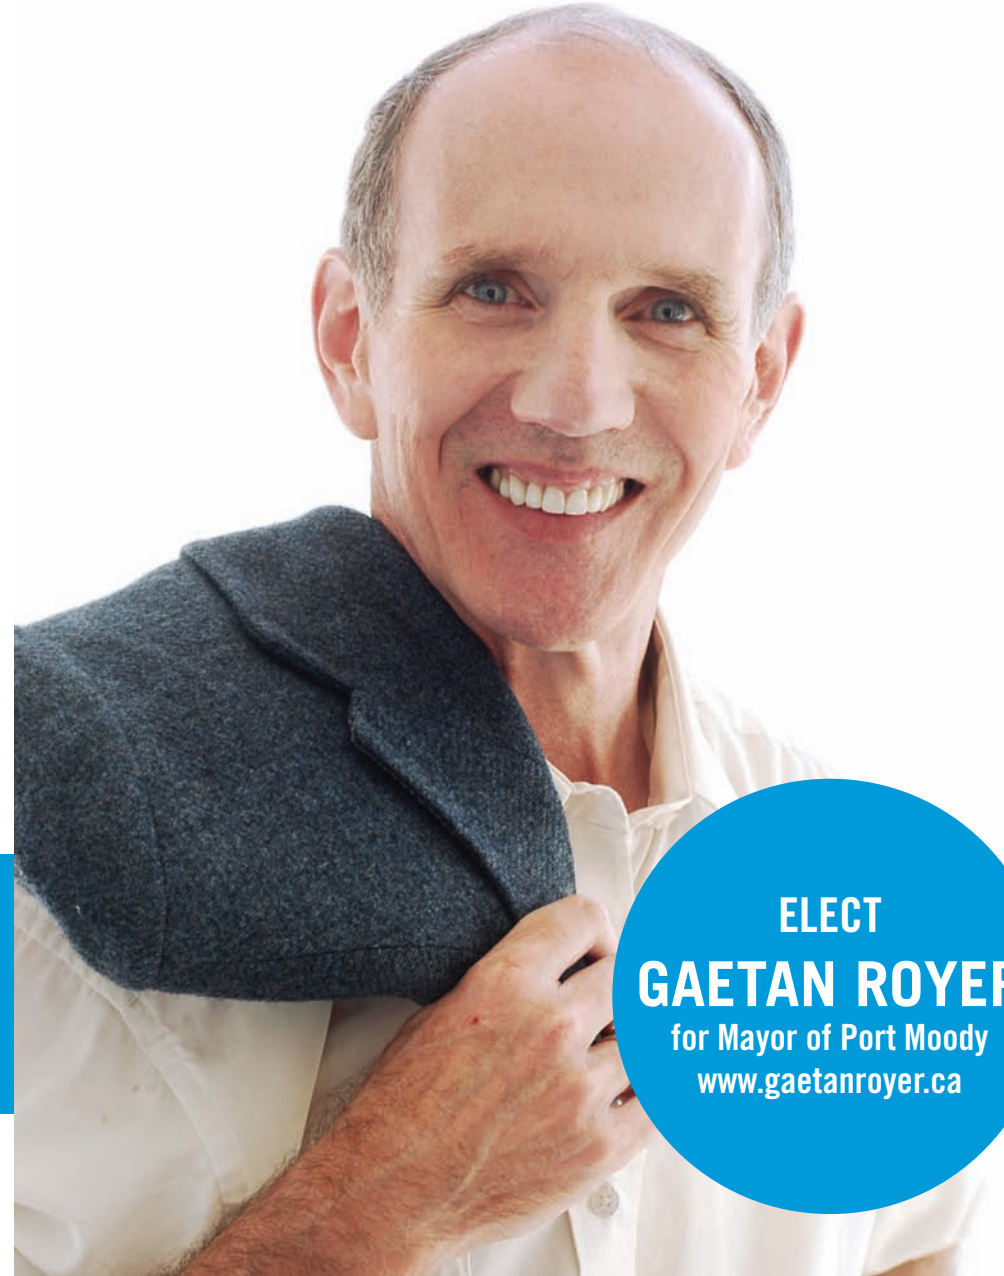

Gaetan has experience. He was the City Manager of Port Moody and knows how to manage the city, large budgets and staff. He responds quickly to local residents. Gaetan was also a senior manager in Surrey, Metro Vancouver, and in Whitehorse.

Gaetan is successful. He is a local business owner who cares about creating a strong local economy. He is a published author and a community leader in Port Moody. Gaetan started the first Terry Fox run in Port Moody with the Rotary Club, and he raised big money for Crossroads Hospice and Port Moody's Olympic Ice Arena. Gaetan has also taken action to protect our environment and designed the new Mossom Creek Fish Hatchery.

GAETAN ROYER

A Leader who takes Action

ACTION ON THE ECONOMY

We need action to build a strong local economy and support local businesses. But our city needs to lead by example and support our local economy by spending our tax dollars right here in Port Moody. We also need a Mayor with a plan to recruit new businesses and good paying local jobs to our city while reducing commute times. We need a Mayor to take action on building our local economy.

ACTION ON TRANSIT & TRAFFIC

We need action on transit and traffic in Port Moody. We need a Mayor who takes action to ensure buses connect with the new Skytrain line. Gridlock is increasing and it is time for action and leadership to unblock our streets. We often wait too long for buses to come, and we turn to cars for solutions. We need action at City Hall and a Mayor who will stand up for Port Moody.

PROTECT OUR ENVIRONMENT

Port Moody is a beautiful place and we need to protect our environment. We all want clean air and clean water but we also need action to protect and support our parks. We need a Mayor who will take action to expand Rocky Point Park so we, and future generations, have green spaces to live and play in. We need a Mayor who will protect our environment and ensure Port Moody remains a green place to live.

Endorsed by former Mayor Joe Trasolini and local environmental leader Dr. Elaine Golds
